

# GOVERNMENT WOMEN'S COLLEGE SUNDARGARH

STUDY TOUR CUM PICNIC: 2024-25(Dt-22/12/2024)

DEPARTMENT OF MATHEMATICS

The essence of Mathematics can be observed in many engineering disciplines and architectural designs. Our dept. in the session of 20245-25 has organized a study tour of visiting 'Sarafgarh Dam' as a visit to have sight-seeing along with getting a knowledge of earthen dam and reservoir which play a crucial role in irrigation project of nearby location and serve as a lifeline for small cultivation as a primary source of activity for local farmers. The boat riders earn their wages by taking tourist as an amusement activity. In addition, the students are encouraged to conserve the forest and an idea of "SAVE TREE, SAVE LIFE". 39 numbers of students and all the staffs of our dept. were participated in this program.
